DETAILS

The Ace Single Shot Launcher System is available in three (3) caliber options:

- 40MM (40x46MM NATO)
- 37MM Sage Rifled/ARWEN 37®
- 37MM Smooth Bore.

The Ace is perfectly suited for deployment in patrol cars, SWAT units and military peace-keeping missions.

If you or your department is looking for an affordable and reliable launching platform then choose the Sage Ace as your next less-lethal launcher.

Sleek, simple to operate and most importantly it arrives with Sage's legendary dependability already built in.

KEEPING YOU IN CONTROL
